Education

Birsa Institute of Technology, Sindri, B.Tech in Information Technology Aug 2019 – May 2023
• GPA: 8.06/10

Experience

Software Engineer Trainee, Cisco – Bangalore, Karnataka Nov 2023 – Present
• Automated GUI testcases for features like Performance Monitoring, Faults, Grouping, Inventory.
• Participated in regression testing for daily builds, analysing the failures and defect logging.
• Identified and documented relevant defects for ensuring high-quality releases.
• Developed over 150 automation scripts to streamline testing processes and improve efficiency.
• Utilized UI frameworks to create reliable, user-friendly automation solutions.
• Ensured comprehensive test coverage through robust scripting practices.
• Set up and maintained the regression CelVM environment to ensure consistent testing and validation.
• Managed backups of golden configurations to safeguard baseline settings and enable easy restoration.
• Upgraded device build images, contributing to improved performance and stability across deployments.

Projects

Ride With Me - Cab Service Project Link
• I designed and implemented a comprehensive, user-friendly cab booking website that offers convenient , reliable and efficient transportation services to customers.
• Tools Used: PHP, HTML, CSS, JS, MySQL, Tailwind and Bootstrap

Skyline Weather App Project Link
• I developed a real-time weather website that provides users with up-to-date and accurate weather information for any location around the globe. The website features an intuitive and visually appealing interface, allowing users to search for specific cities.
• Tools Used: React.JS, CSS and Openweathermap.

Technical Skills

Languages: Python, SQL, HTML, CSS

Tools: VS Code, Selenium, Postman, Jenkins

Version Control: Git, GitHub

Other Skills: Linux, Object Oriented Programming

Soft Skills: Quick-learner, Problem-Solver, Result-Oriented, Determined

Trainings

CCNA Cisco
Automation Testing and Planning Simplilearn
Network and Web Automation in python Cisco

Certifications
